Group 10: project Gantt, Oct 1 to Dec 12, 2026

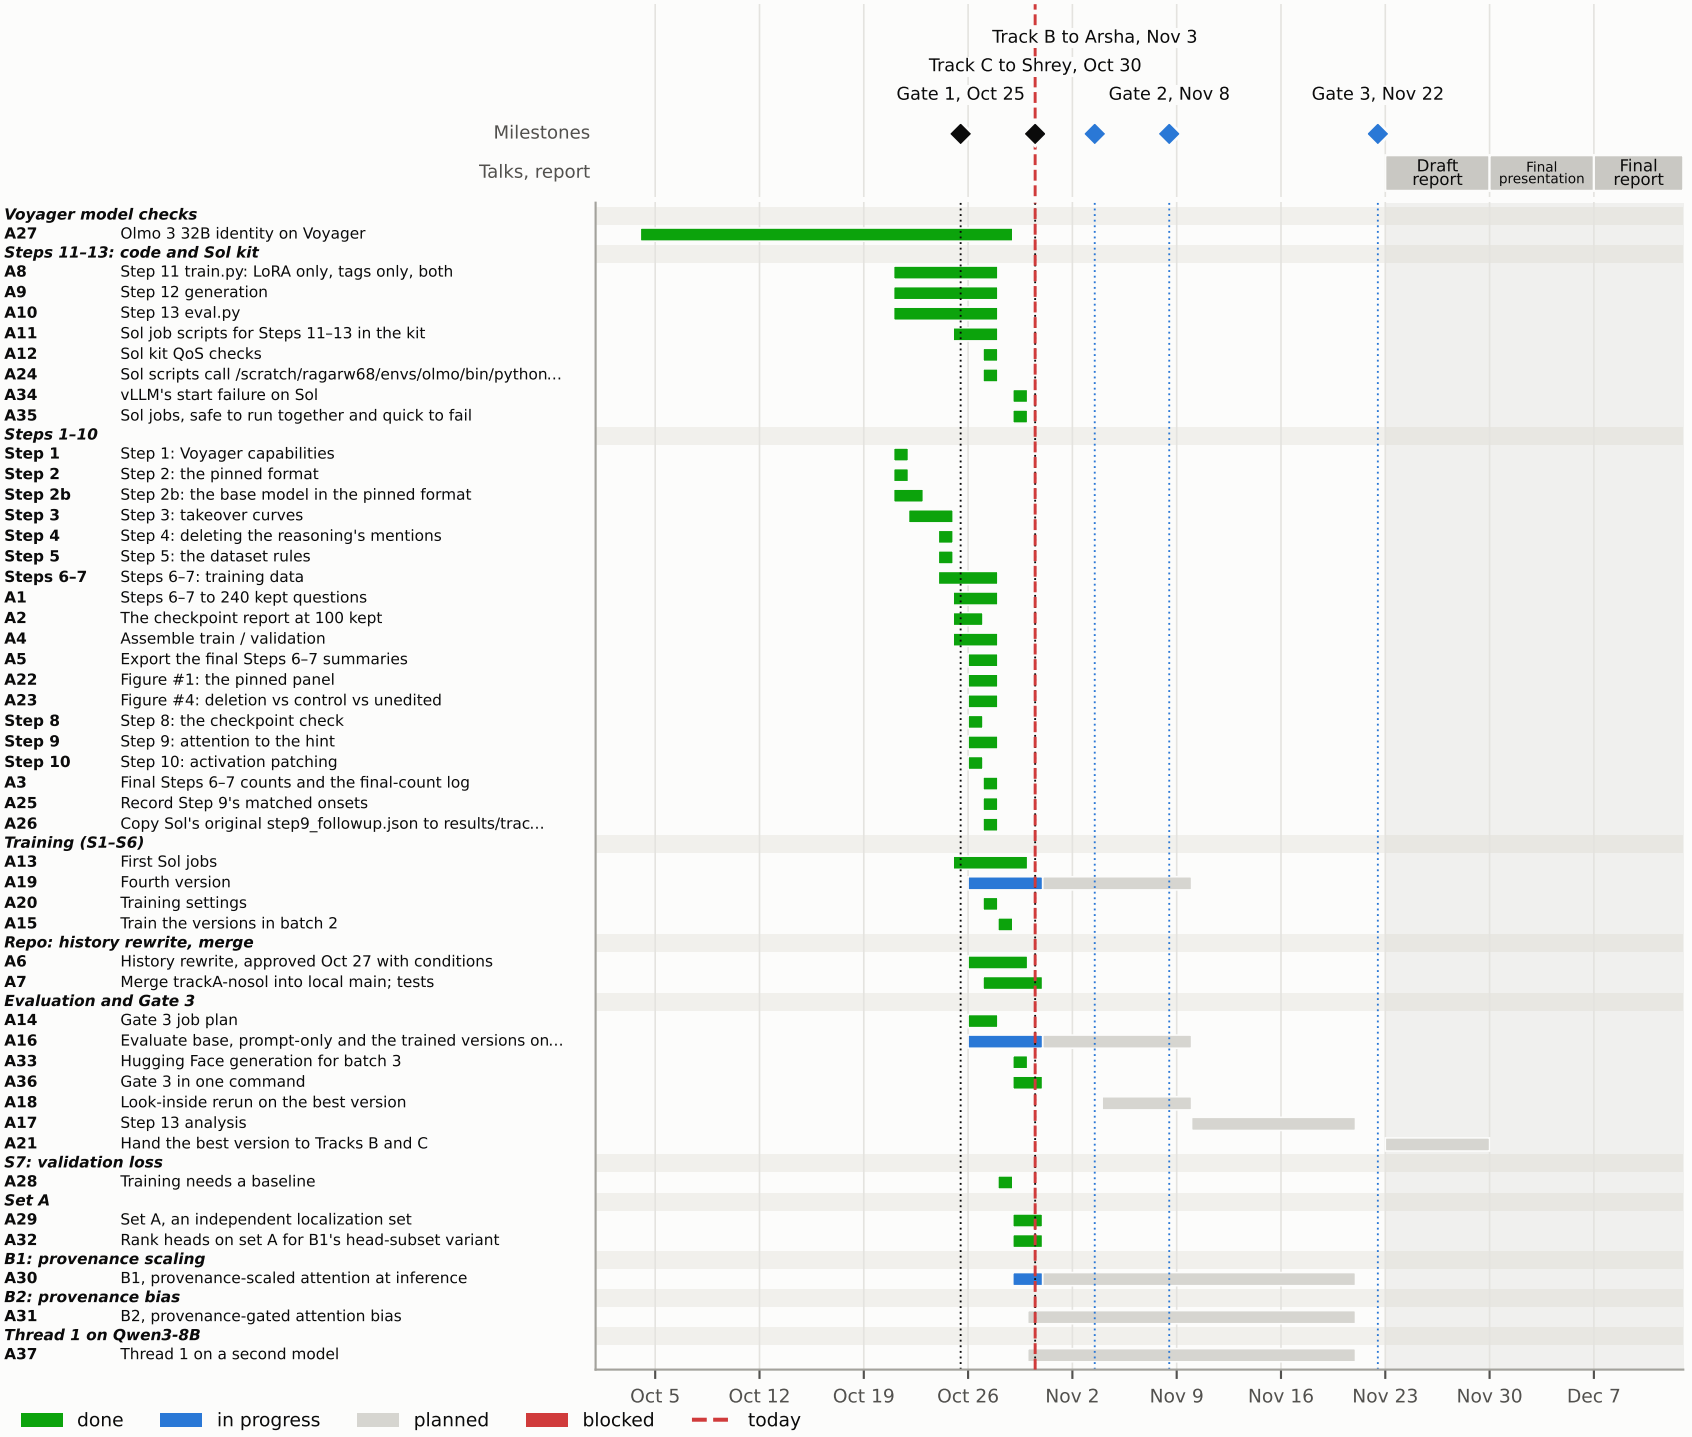

Each row is a phase; its bars are its tasks by status; n/N at the right = tasks done; a page per track with a bar per task: gantt.pdf. Generated by tools/make_gantt.py on 2026-10-30 from 50076f2.

Track A: explain and fix

29 of 37 tasks done (78%). Owner: Ritik.

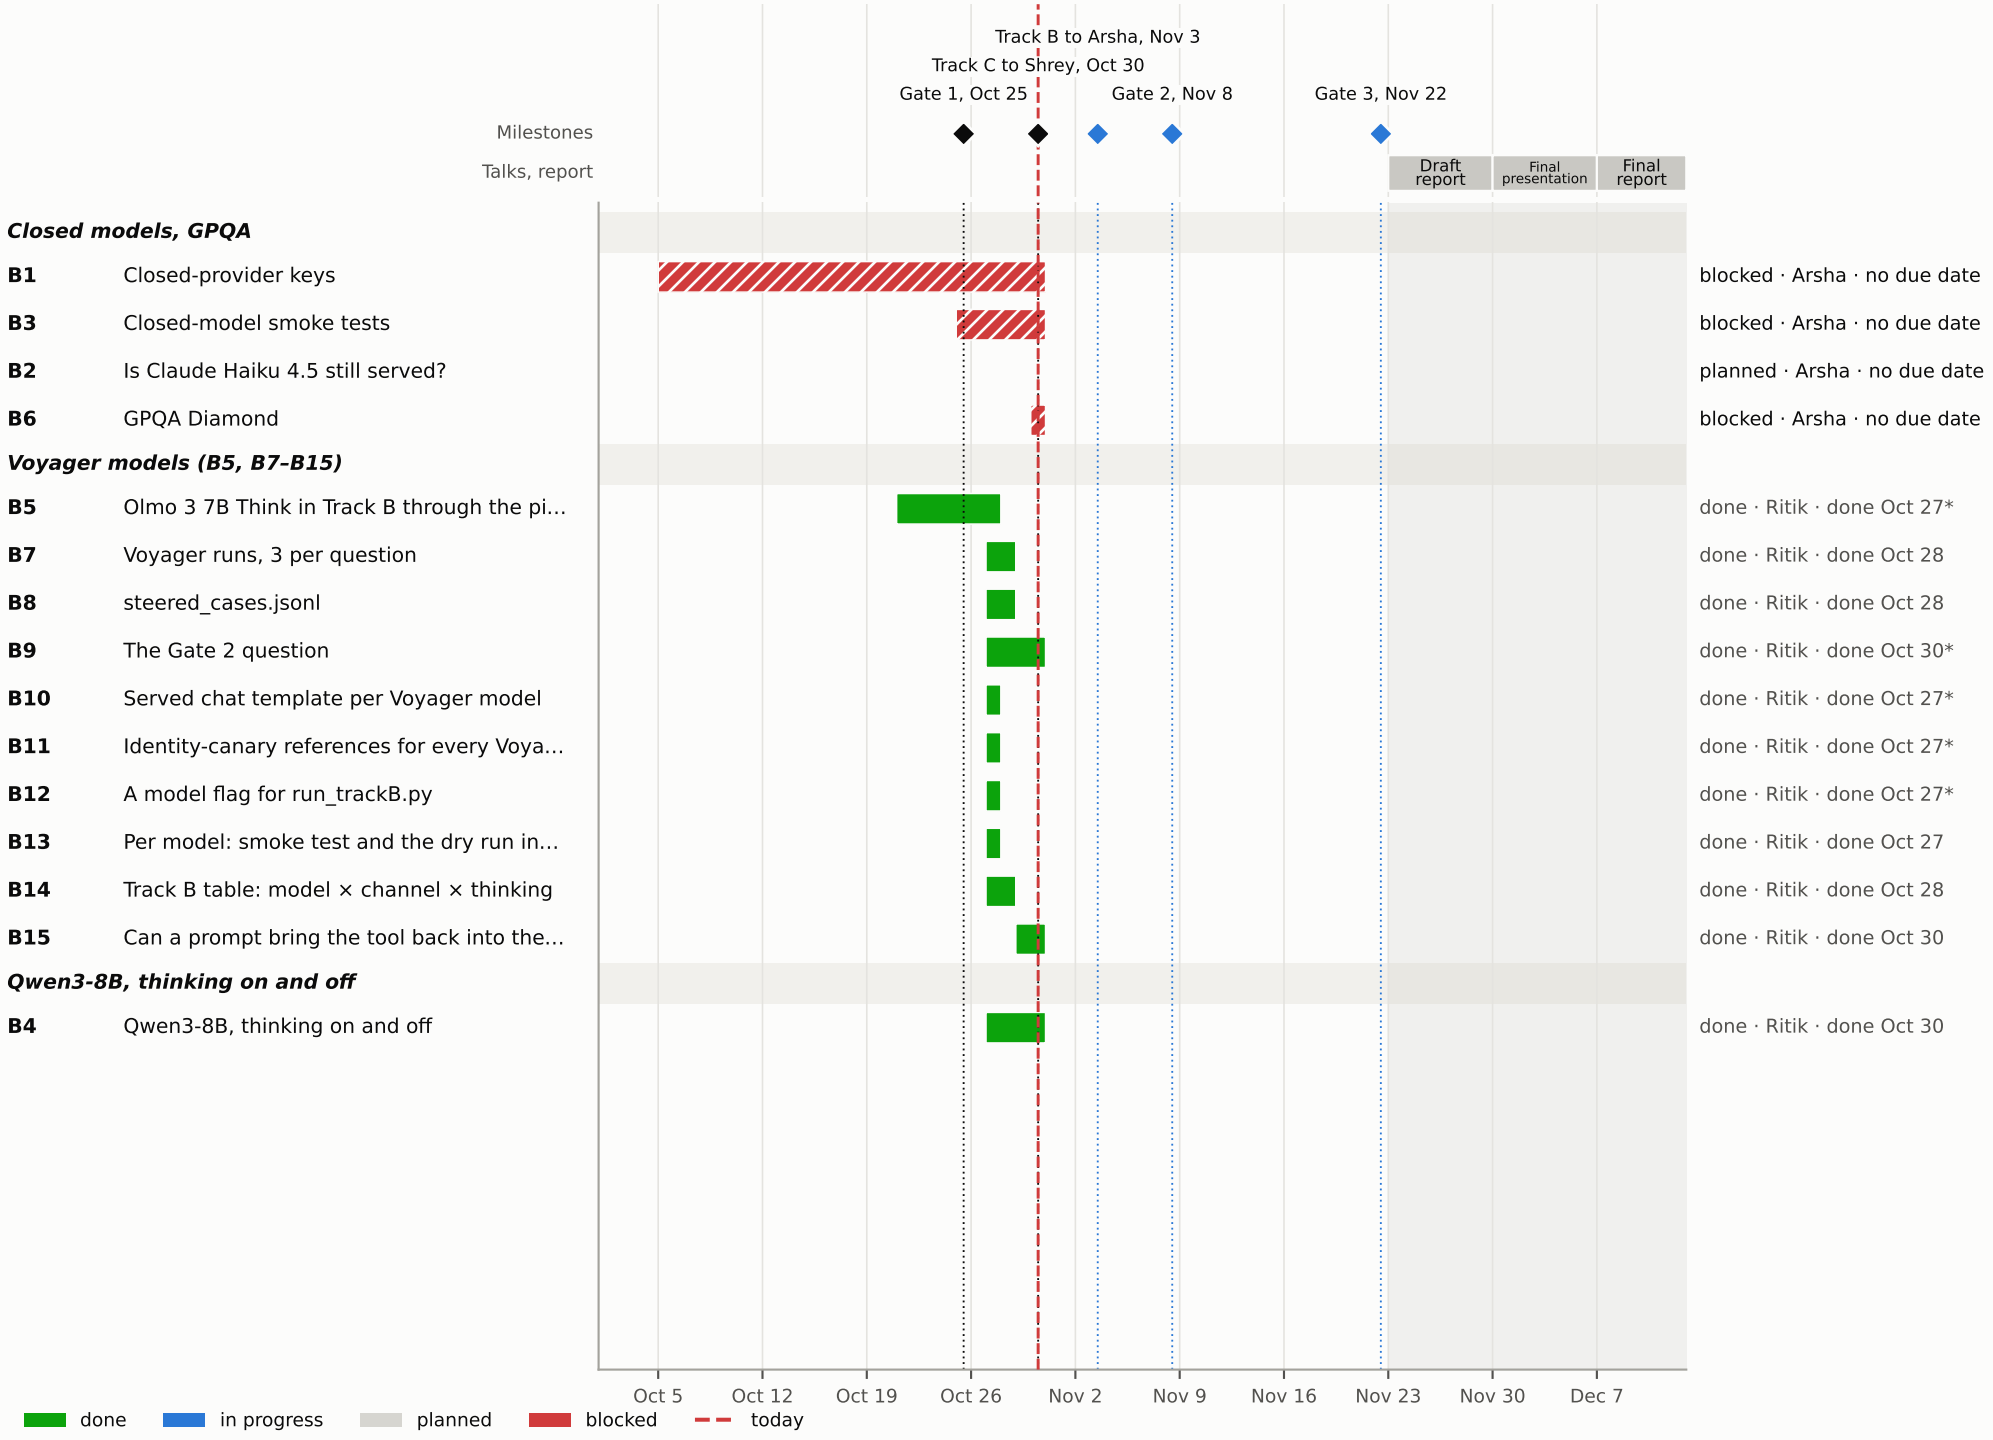

A bar per task, by status; * = an inferred date (the Gantt sheet's Date basis says from what); dotted lines: gates and handoffs; shaded: the report and presentation windows.

Track B: test widely

11 of 15 tasks done (73%). Owner: Arsha from Nov 3 (the work before, Ritik's).

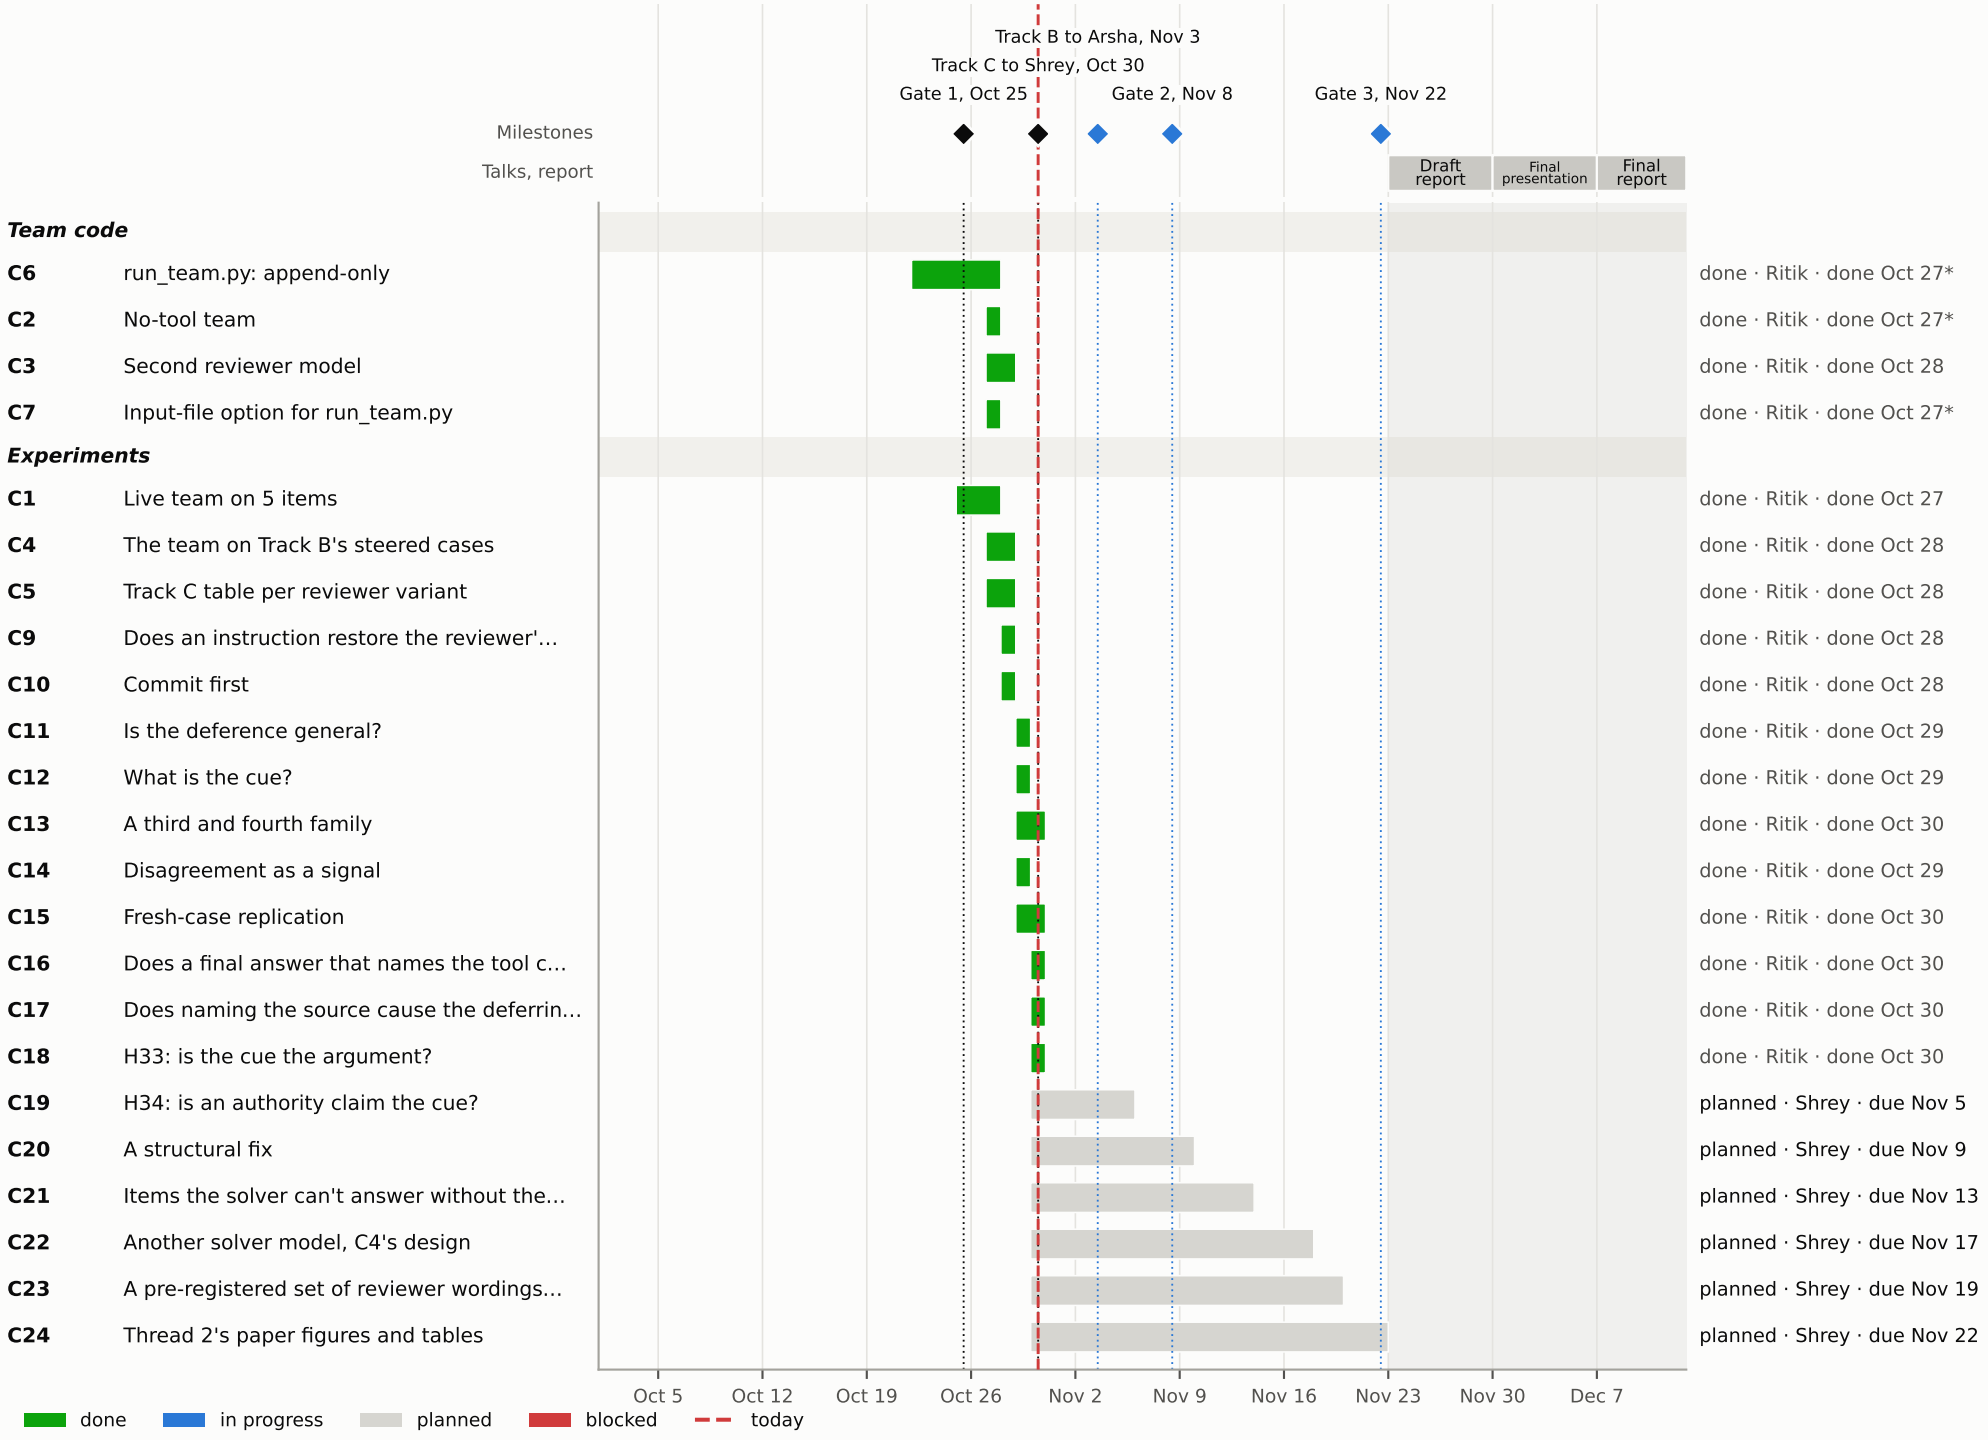

A bar per task, by status; * = an inferred date (the Gantt sheet's Date basis says from what); dotted lines: gates and handoffs; shaded: the report and presentation windows.

Track C: multi-agent pipeline

17 of 23 tasks done (74%). Owner: Shrey from Oct 30 (the work before, Ritik's).

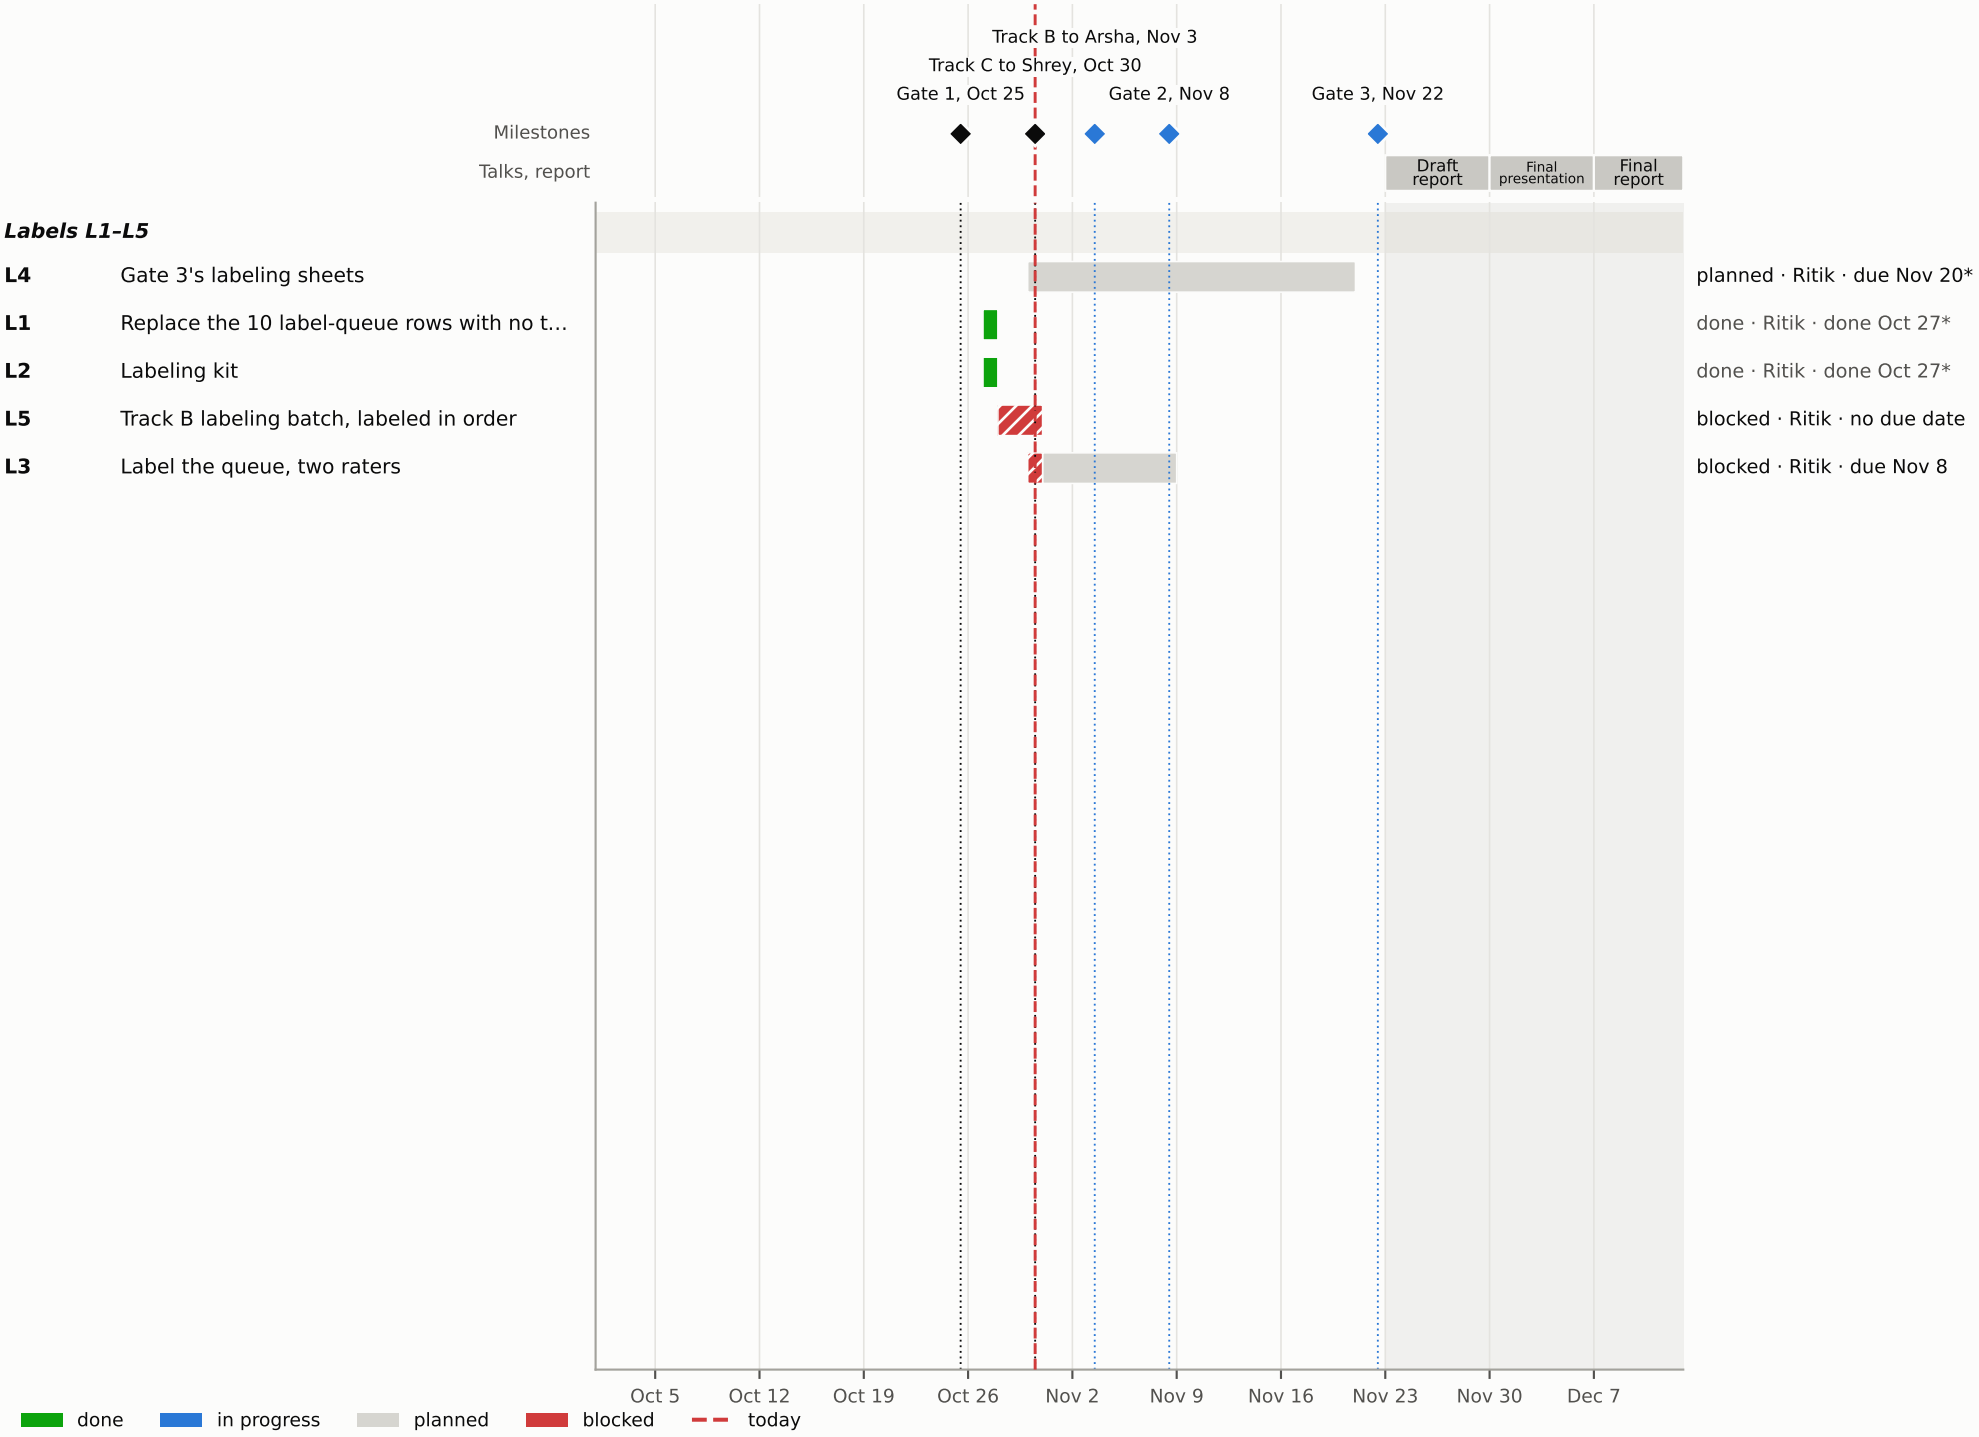

A bar per task, by status; * = an inferred date (the Gantt sheet's Date basis says from what); dotted lines: gates and handoffs; shaded: the report and presentation windows.

Labels

2 of 5 tasks done (40%). Owner: Ritik.

A bar per task, by status; * = an inferred date (the Gantt sheet's Date basis says from what); dotted lines: gates and handoffs; shaded: the report and presentation windows.

Repo, docs and handoff; Setup and the progress round

4 of 6 tasks done (67%). Owner: Ritik.

A bar per task, by status; * = an inferred date (the Gantt sheet's Date basis says from what); dotted lines: gates and handoffs; shaded: the report and presentation windows.
